

## Rug Renovator Foaming Shampoo

Make your carpeting look like new without ever having to bend over and scrub or blot your problem floor areas again. Erase traffic patterns, remove stains and revitalize your carpet with CWP's Rug Renovator Foaming Shampoo. When combined with the Rug Renovator tool, stains, soil and dirt disappear. The secret is in the advanced crystallizing (encapsulating) chemistry which professional carpet cleaners currently use. Use it as a spot remover or to clean your entire area rug. Just vacuum the affected area when dry upon application of the shampoo and you are done! This is one of the first carpet cleaning systems available to consumers that your big box competitors don't have.
